The Fine Print:

Each calendar will be numbered and serve as your proof of purchase. Humboldt County Farm Bureau (HCFB) will randomly draw two calendar numbers on January 10th and one calendar on the tenth of each month after that for a total of 13 draws. Winners will be contacted by phone or email following the drawing. The winning number will be announced on the day of the drawing on the HCFB social media pages, and notice of winning numbers will be emailed to each contestant who provides an email address. All winners will have their winning calendar number published by HCFB. You must be 21 or over to purchase, be a prize winner, and possess a valid California driver's license.

If HCFB cannot contact the winner within 60 days of the drawing, HCFB may draw a new calendar number for that prize. Firearm prizes not acquired from a dealer within 60 days will be forfeited, and a new calendar number will be drawn. The winner of a firearm must pay to the firearm dealer all costs associated with registration, background check, or other fees. The winner of a firearm is responsible for understanding and complying with all laws pertaining to the purchase, transfer, possession, or ownership of a firearm. Firearm prizes cannot be exchanged or returned for credit. The winner of a firearm must acquire it directly from RMI. No information here is intended as legal advice or a restatement of law; consult a licensed attorney for legal advice. Non firearm prizes must be picked up within 60 days of the draw. HCFB is not obligated to deliver or hold any prize for a winner.

Make all checks payable to "Humboldt County Farm Bureau" to purchase calendars. Contributions to HCFB are not tax deductible as charitable contributions. HCFB is a nonprofit, Internal Revenue Code section 501(c)6 tax-exempt organization. HCFB will sell 200 calendars for \$100 each. Calendar sales are non-refundable. Each calendar number can be drawn only once for one prize. HCFB reserves the right to substitute a prize of the same retail value for any reason. Images on the calendar may not be an exact representation of the actual item.
